Executive Summary

The February 2019 issue of the report on Fiscal-Macro position contains relevant data and analysis on the movement of major macroeconomic variables in the current month compared to the same period of the previous year. An overview of the report is given below:

Fiscal Sector

Revenue earnings indicated satisfactory growth by the end of FY18¹. During July-February of FY19, total revenue collection increased by 12.66 percent compared to the same period of previous fiscal year. On the other hand, total government spending increased by 37.31 percent during the same period.

Monetary Sector

Broad Money supply recorded 10.37 percent growth at the end of February 2019. This growth is attributable to 13.42 percent and 1.18 percent growth in Net Domestic Asset (NDA) and Net Foreign Asset (NFA) respectively. At the end of February 2019, reserve money grew by 7.69 percent from February 2018.

External Sector

During July- February of FY19, exports grew by 12.98 percent compared to 7.38 percent growth in the same period of the previous fiscal year. Import payments increased by 5.63 percent at the end of February 2019 while remittance inflow increased by 10.03 percent during the same period. Further, foreign exchange reserve stood at US\$ 32.24 billion at the end of February 2019, which is equivalent to import payments of 6.34 months.

Real Sector

Bangladesh Bureau of Statistics (BBS) reported a robust 7.86 percent real GDP growth in FY18 compared to 7.65 percent growth in FY17. During this period, per capita GNI reached to US\$ 1751 from US\$1610 at the end of FY17. The average rate of CPI inflation (12-month moving average) stood at 5.49 percent, of which, food and non-food inflation were 5.84 percent and 4.89 percent respectively at the end of February 2019. This inflation rate, on point-to-point basis, was 5.47 percent, of which, food and non-food inflation were 5.44 percent and 5.51 percent respectively at the end of February 2019. The Quantum Index of medium and large-scale manufacturing industries increased by 12.98 percent at the end of February 2019 from the same period of the previous year.

¹ FY17 stands for fiscal year 2016-17
